WSPT

Stevens Point Broadcasting Company

JULY 23, 1975

ERNEST J. WESOLOWSKI
1416 PASADENA AVE.
OMAHA, NEB. 68107

Dear ERNEST,

Thank you for your reception report of JULY 16, 1975.
Your log is in agreement with WSPT's program log on the date and time of your reception except for ———.

WSPT AM transmits from sunrise to sunset with a power of 1000 watts, nondirectional, from a 400 foot guyed, series fed Andrews tower. Our AM transmitter is a Gates BC-1T, operating on 1010 KHz.

WSPT FM transmits from sunrise to midnight local time with an effective radiated power of 50 thousand watts, vertically and horizontally polarized, from an eleven bay ring antenna mounted atop our AM tower. Our FM transmitter is a Gates FM-10H operating on 97.9 MHz.

Thanks again for your report, and let this letter verify your reception of WSPT AM on JULY 16, 1975, at a time between 5:30 - 5:33 AM CDT.

Sincerely,

Jim Tuszka
